

SAN-I-OX

Peracetic Acid - Hydrogen Peroxide Sanitizer

DESCRIPTION

Combining the powerful action of peracetic acid and hydrogen peroxide in one product, SAN-I-OX is ideal for use wherever sanitizing problems occur. Highly effective against *Listeria monocytogenes* and outstanding for use in breaking down encrusted biofilms that may harbor harmful bacteria. Surfaces treated with SAN-I-OX are thoroughly sanitized, brightened and ready to return to operation. No rinse is required after use of this product.

EPA Reg : 10324-214-12446

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Before using this product in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from the room or carefully protected.
